Where there is *Hope*, there is **Triumph**.

Founded in 1998, Chariots of Hope has established itself as a popular and worthy charitable organization that collects and refurbishes used wheelchairs for distribution to needy individuals. It has major fund raising activities, a strong volunteer corps, distribution networks around the world, with assistance from the CT State Dept of Corrections for refurbishing donated chairs, and a strategic plan for growth.

Another Venture: Connecticut Sled Hockey was introduced by Chariots of Hope in 2003. Sled hockey is an exciting alternative coed sport that is played by physically challenged athletes. Using the 'standard' rules of hockey, players sit on specially designed sleds and use two short hockey sticks with 'ice picks' to propel themselves across the ice. Connecticut Sled Hockey is one more way that Chariots of Hope provides mobility and develops self-esteem to individuals here in southern New England.
